Model "160-SSP" Band-Splitter

B&D's new "160-SSP" electrically powered band saw was designed for the high production splitting of hogs and sows. It handles up to 400 hogs per hour. Machine features include:

- A full 3HP, totally enclosed, self-cooled, waterproof motor.
- Available with dual Anti-Tie down control triggers for safe operation.
- Available with proximity switches on front and rear covers ... will not allow drive wheels to operate when front or rear covers are open.
- All voltages available.
- Meets national and international requirements for hygiene and safety ... USDA and CE approved.
- Drive system is oil bath lubricated for sustained trouble-free operation.
- Waterproof quick-disconnect at motor end.
- 24 Volt waterproof dual control switches
- Quick change band saw blade with convenient "flip-open" front and rear covers.
- 4-way adjustable hanger.
